Employment Rate

Total Employed	Total Graduates	Students Excluded from Employment Rate	Percentage
63	82	0	77%

Employment Rate Methodology
Graduate employment rates are calculated for each program in accordance with the methodology and reporting requirements established by the Accrediting Bureau of Health Education Schools (ABHES). Employment outcomes are determined by a graduate working in their field and information is verified with the employer. For examples of types of employment obtained by our graduates, please review the institution's website and/or consult with your Career Service's office.

Licensure Exam Pass Rates

The licensure examination pass rates presented below are based on graduates taking the National Council Licensure Examination for Registered Nurses (NCLEX-RN®) for the first time during the period of January 1 through December 31 of each reporting year. The three-year results presented below reflect the program's first-time NCLEX-RN® pass rates as reported to the Ohio Board of Nursing.
